Highlights of October 2016

Water Management System 3D printed by iKix

iKix made the 3D model of 'Water Management System' for Municipal Corporation of Tirupati at the behest of 'Sai Sanket Enterprises'. The highlight of the project was that it was delivered within 3 working days from the order confirmation.

The model comprised of KP Canal PS, Ramapuram PS, Yenadula colony Sump, MD Puttur PS, Mangalam PS, Mangalam Clarifoculator in WTP, Mangalam Clear water reservoir, Leelamahal PS, Municipal Park PS, Medical college Sump, Town service reservoir, Palani ESR - 1 & 2 and Municipal park ESR.

The landscaped base included all the landscape features as per architectural inputs.

The Rapid Rise of iKix 3D Prints

"It is a lot easier to understand a design from a 3D replica than a few views and perspectives printed on paper"

What our customers are saying

"Being told you're appreciated is one of the simplest and most uplifting things one can hear" - Discover what our customers have to say...

Mr. Noman Mohiuddin, CRO of Uniestate Properties, Dubai was highly appreciable for the model delivery of the Projects Uniestate German Sports Town Model and Uniestate Millenium Tower Model.

In his own words, given below is the email written to our Sales Officer at Dubai Mr. Bharath Prakash.

"Thank you so much for the wonderful job you and your team have done. Model making, delivering and installation - everything has been carried out professionally.

Thanks for all your support and, let me assure you that the product is completely finished and is adding elegance to our office environment.

I also look forward to working with you for future projects and will see to it that our business relationship prospers."

Mr. Shafiq of Dubai called our Representative Mr. Bharath Prakash with an urgent requirement to print a villa model to be presented as a wedding gift.

There were only two days and iKix team rose to the challenge of designing the villa, printing and encasing the magnificent villa in an acrylic enclosure. Mr. Bharath came all the way from Dubai to hand deliver the model to avoid damages and for timely delivery.

The image of the model attached in this newsletter is a photograph of the miniature displayed inside the customer's bungalow. As one can see, the image speaks for itself. The customer was extremely pleased with the finished model and said he had no words to express about the exquisiteness and workmanship of iKix team, right from coordination to delivery.'
